INTRODUCTION

Welcome to the 2018 version of the Alhambra High School Cross —CC-> Country Record Book. This is a compendium of the top times and places of Alhambra cross country runners on most of the courses that the team has competed on historically.

Work In Progress

This is still an ongoing project as the historical record is not always complete. The internet is remarkable, but not all data is stored there, and in any case, the trail gets cold for information before 2000. Much of the older information has been gleaned from sorting through old boxes and file folders, and these have often been jumbled and incomplete. There are still sources to be sorted out, and more details to be found, but for the most part, this represents a strong beginning of keeping an archival record of the long-standing and excellent tradition of Bulldog running that stretches back many decades.

If you have any copies of results from Cross Country (or Track, too) from any year, please let Coach Brewer know so he can make copies and add them to the archives and possibly fill in empty spots in this book. If you know former runners from seasons gone by, their memories are gold mines of information as well.

Many Hands Make Light the Load

This is only a continuation of some excellent work already done to preserve Alhambra running knowledge. Joel Timbrell (class of '13) is our webmaster and has assembled and sorted and ranked the North Coast Section (Hayward High School) times, as well as posting everything on the website. He has also made a significant number of additions and corrections since the first edition came out. Aaron Ford (class of '08) is our timing guru, and has unearthed hidden web site sources for older race information. Coach Angela Paradise kept intact the 20 years of boxes that previous Coach Tim Bruder had accumulated. This was a rich source of information from which to begin this project.

Thanks also have to go to other data hoarders on the internet. Hank Lawson, of Lynbrook High, has gathered an impressive array of high school running that goes way back, and I mined his website for all of our Artichoke Invitational, Ram Invitational, and Mt. SAC Invitational records. The NCS website has kept a strong record of the NCS championship races results. Also, the high school information site athletic.net (which we now use to archive our current and more recent results) has an intact record of all the State Meet information. Campolindo High coach Chuck Woolridge has archived most of the Ed Sias Invitational results. Retired College Park Coach Steve Neisham, who founded the Ed Sias Invitational, has been generous in e-mailing copies of the early years of the meet.

More To Do

The job is not yet finished. Still to be done is to finish backtracking all the league finishes, NCS finishes, and State Meet appearances. Also, many of the runners of the past ran on courses that no longer exist, or in invitationals that no longer are held, and we need to find a way to accurately fold them into the records for acknowledgement.

Inevitable Errata

Of course there will be mistakes in this first-year attempt at a comprehensive record book. Names will be misspelled, times and places will be out of order, grade levels will be wrong, et cetera. Please let Coach Brewer know when you find these errors so they can be corrected for the next edition. Any other suggestions to make this a more complete and accurate record are also welcome.

Enjoy the read.
